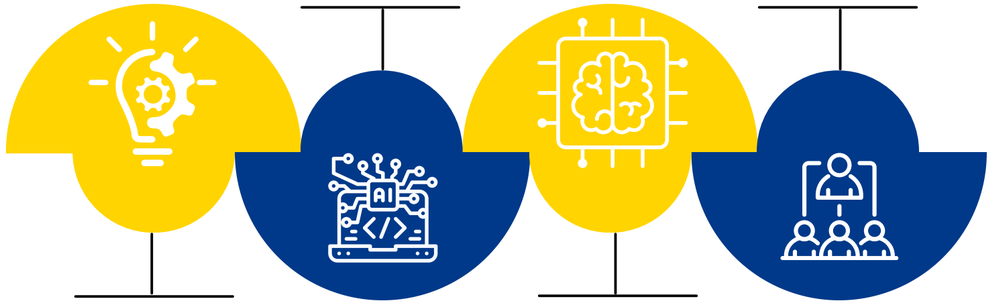
IMPACT AND OUTREACH

Positive Impact

on policy-making, business and society with data and AI.

A Platform for Projects

We co-create new projects and leverage their value.

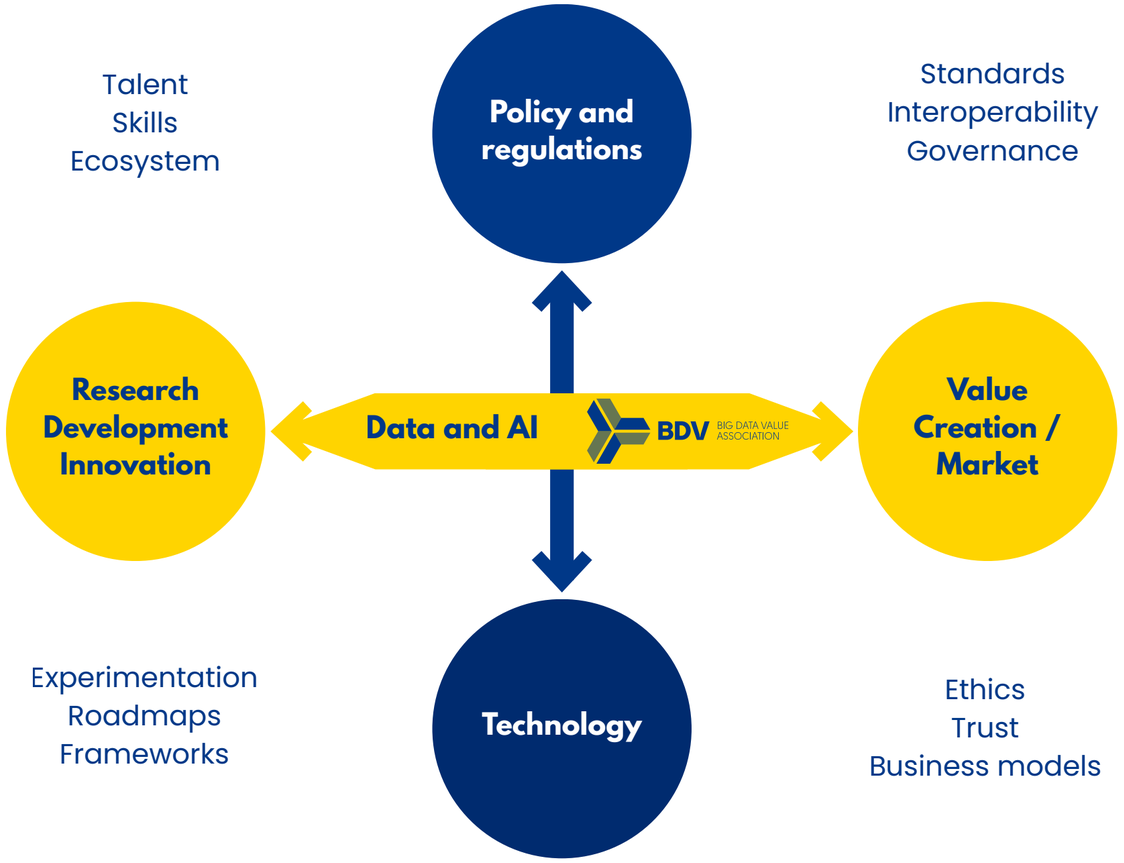


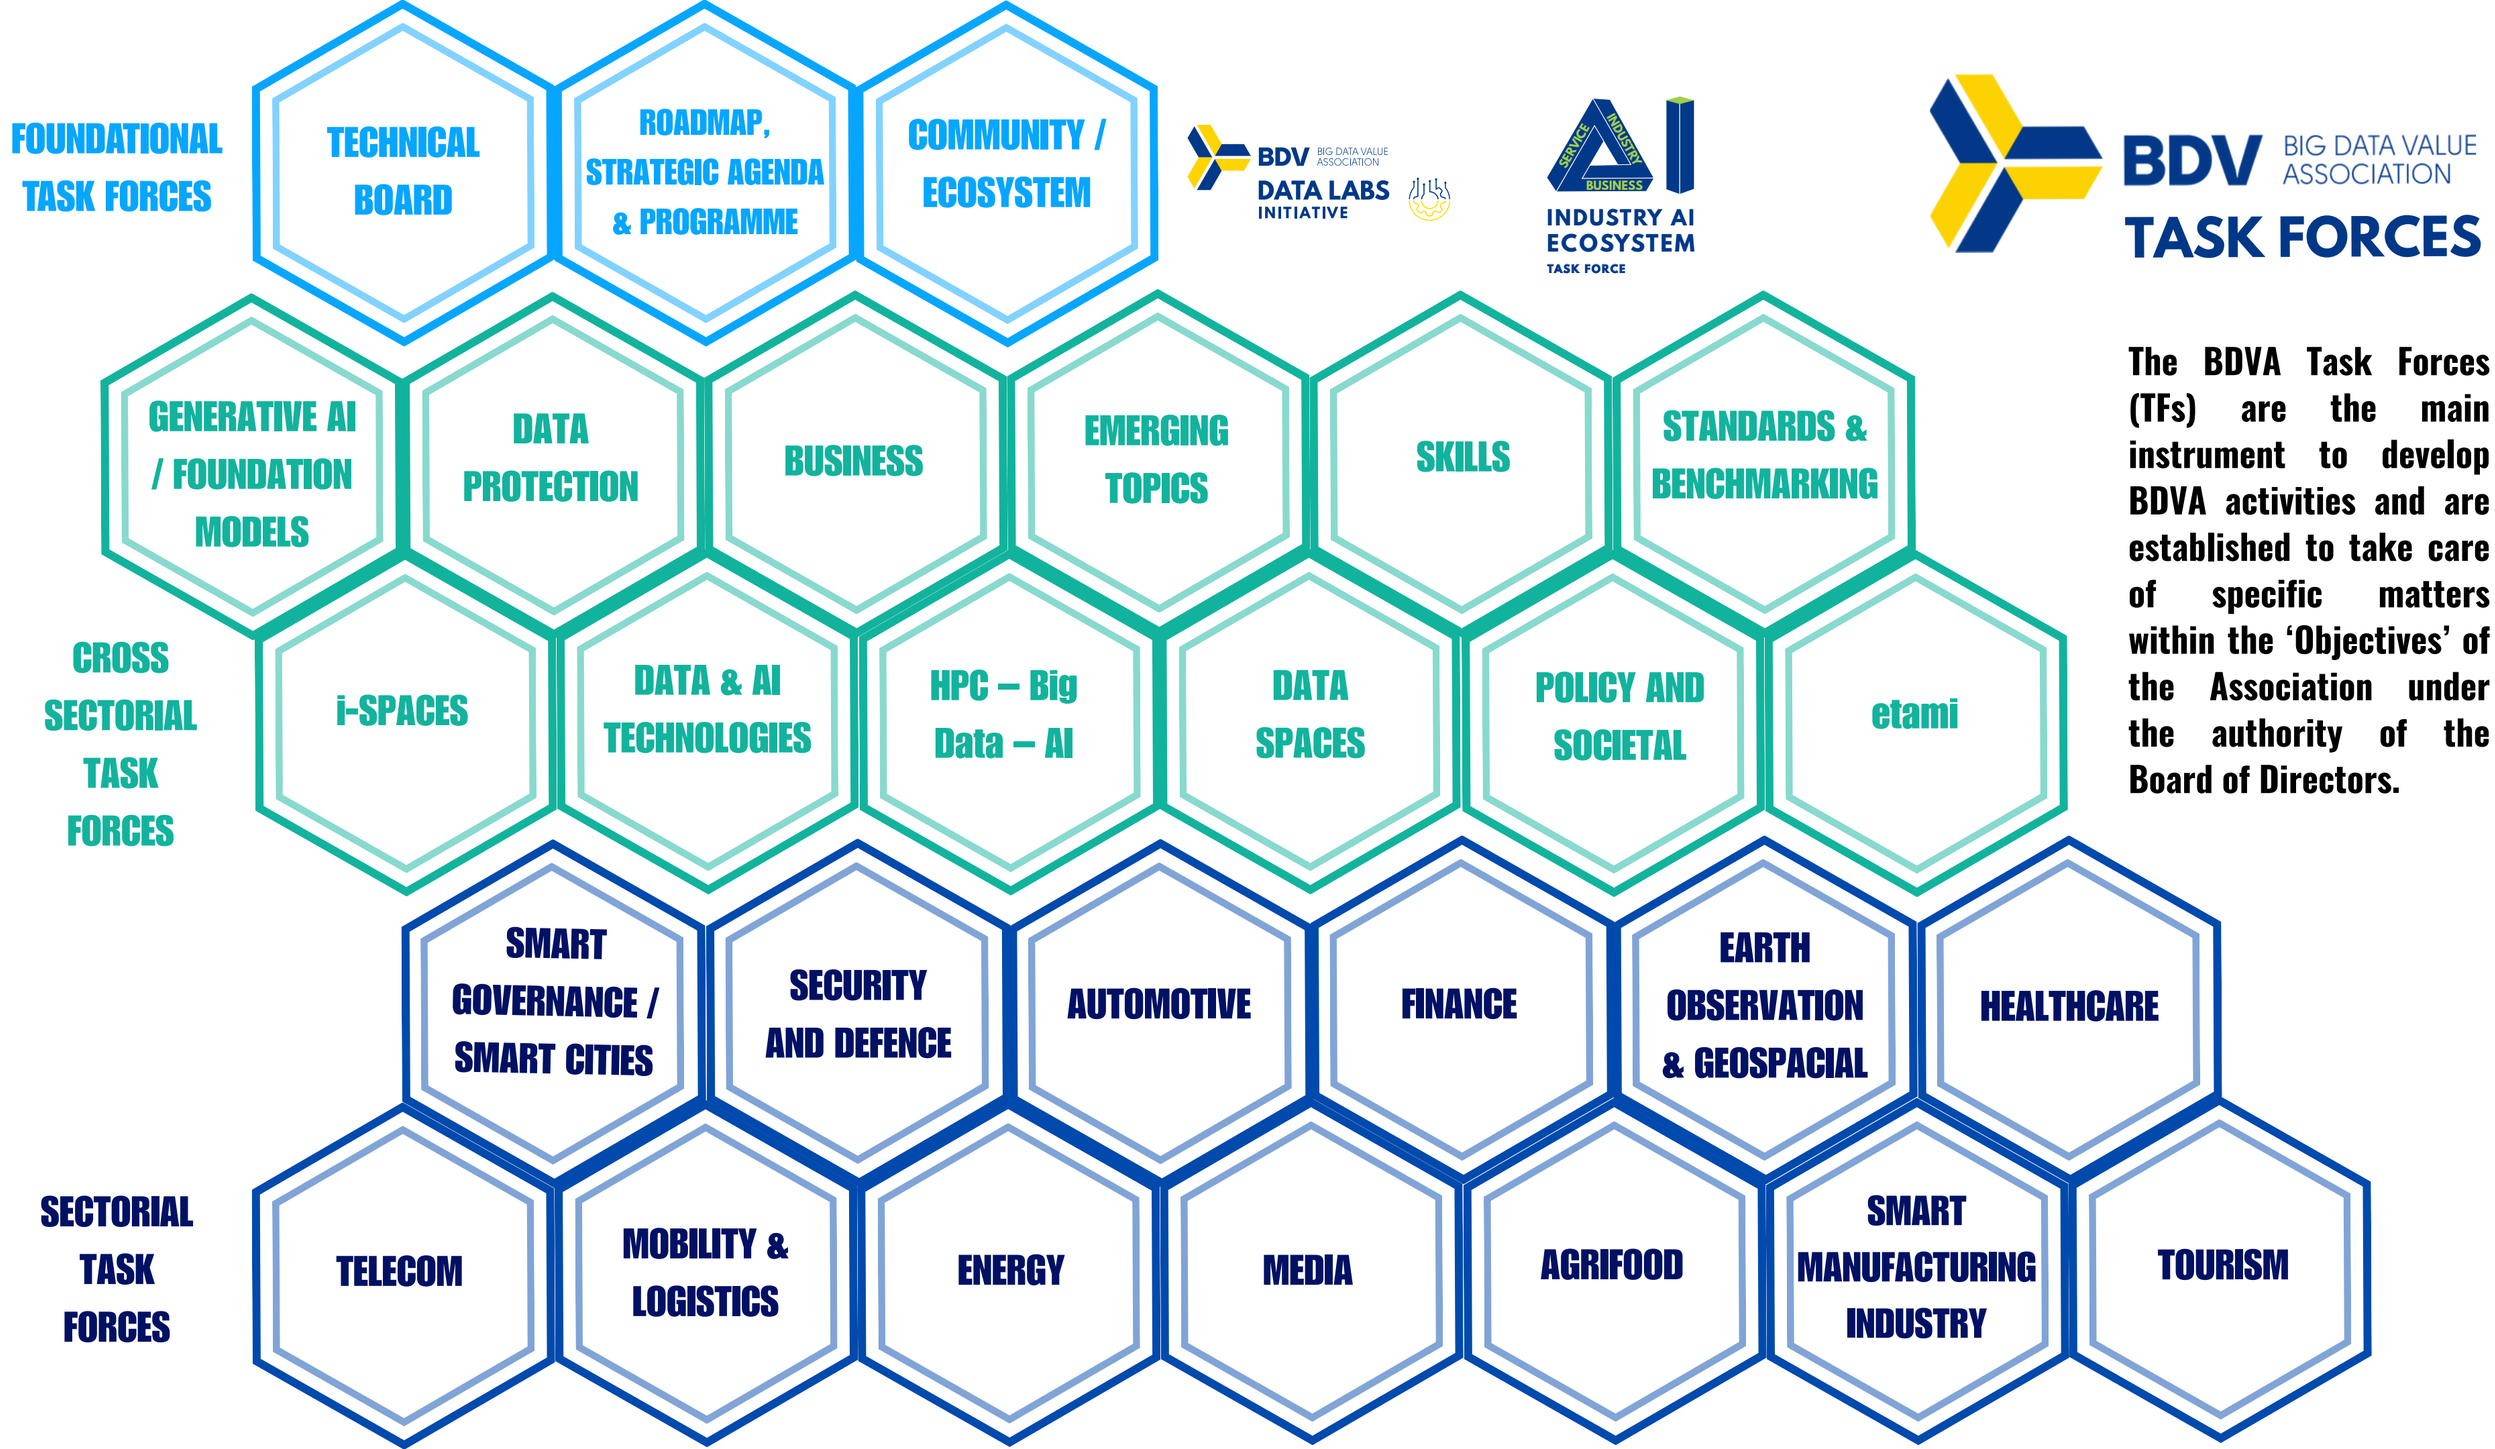
Advancing Solutions

and keeping up with the dynamic change that AI and Data bring to business and society.

Data & AI Competitiveness

is vital to push forward these ecosystems. BDVA ignites Data and AI world-class research for competitiveness.





The BDVA Task Forces (TFs) are the main instrument to develop BDVA activities and are established to take care of specific matters within the 'Objectives' of the Association under the authority of the Board of Directors.
